FRANCIS ABECASSIS
— SINGLE ESTATE COGNAC —

Domaines Francis Abecassis

We are convinced that blending eaux-de-vie coming from one exceptional estate gives Cognac an unmistakable character and strength. Deeply attached to the terroir, we have decided to produce distinct Cognacs based on their origins. Our philosophy is therefore summed up in the expression « Single Estate Cognac ».

SINGLE ESTATE COGNAC

Cognac Réviseur embodies the attributes that have made the Petite Champagne cru that it comes from famous: intensity, full body and aromatic richness. The Réviseur estate spreads over more than 90 hectares in the heart of Petite Champagne. The east-west position of its vineyards is particularly favourable for producing very aromatic wines. The distillation in very small stills (1600 litres) and its ageing in dry cellars gives powerful Cognacs that reflect the true potential of this terroir recognised for its concentration of aromas.

SINGLE ESTATE COGNAC

This brand that carries our family name is the signature of the Domaines Francis Abécassis. For this brand, I asked our Cellar Master to choose the most emblematic eaux-de-vie from our estates. Cognac ABK6 favours the flexibility thanks to the choice of many old eaux-de-vies. In these aromatic and intense Cognacs one finds the fruit of the vine and the lightness of the perfumes.

Throughout the whole range, ABK6 is indulgent, with notes of candied fruit, stewed apples and spices. Its originality is strongly evident and this is why ABK6 is presented in an exclusive bottle in order to differentiate itself with its square shouldered shape that affirms its modernity, all while respecting the tradition of the product and the uncompromising quality.
